

Shanahan Ridge Four Homeowners' Association  
Architectural Review Committee

**PRE-APPROVED SHINGLE COLORS**

Updated August 22, 2007

As a convenience to association members, the following shingle colors are pre-approved as meeting the Shanahan Ridge Four covenants. While these colors are pre-approved, **a phone call or note is still required prior to re-roofing** stating your address and pre-approved shingle selection so that our records can be kept current.

If you'd like to use a shingle that doesn't appear on this list, you must submit your selection to the architectural review committee for approval. If the ARC decides the shingle complies with our covenants, your choice will be approved and it will be added to this list.
