

SNCA presents:

Energy Efficiency Home Tour with LIVE Energy Audit Demo

A fun and informative Neighborhood Group Walk and Social Hour

Sunday, June 14, 2009

Walking Tour 2–3:30PM, Social Hour 3:30–5PM

Walking Tour

*departs at 2PM from
2945 Lafayette Drive –
Home of Dan Friedlander
and Diane Rosenthal*

*Return there for
Social Hour
following the Tour*

★ please bring a snack
or beverage to share ★

We will visit a selected set of homes with solar installations and energy efficiency improvements, hear recommendations from the homeowners and then:

Our own SNCA member and neighbor **Eric Van Orden** (Energy Efficiency Manager for Standard Renewable Energy) will do a LIVE Energy Audit Demo – including the Blower Door Test and Infrared Camera Analysis. He'll show energy leaks and recommend fixes.

Talk with homeowners about their upgrades and experiences—find out more about Audits, Rebates,

\$ Incentives, and the upcoming ClimateSmart Loan Program requirements. An Energy Audit is your first step before energy efficiency and solar upgrades!

ClimateSmart and Center for Resource Conservation representatives will be on hand.

Help us make this event successful and RSVP by Friday June 12:
email to rsvp@climateneighbors.org or call Judy Baler, 303 478 4293
